Danyon Lamb Hey mate, how's it going, I'm from Team 7 in IFB299, Your development team, just wondering if you had the 'requirements' as your clients for the property management?

02/08/2015 09:51 **Danyon Lamb** These are some of the features that we came up with for a property management design idea (You don't have to use them as your the clients, they are just there to possibly give you ideas on what you want to create) **IFB299ProjectFeatures.docx** open · download

02/08/2015 10:44 **Damen Cody** Hey man, we are having a meeting today to finish the requirements. I'll probably send them through tonight around 7-8

02/08/2015 12:09 **Danyon Lamb** Too easy mate

<div align="center">2 August</div>

02/08/2015 19:27 **Damen Cody** hey man after talking with the team we pretty much agree on the requirement

02/08/2015 19:28 **Danyon Lamb** Okayy to easy, did you have any you want to add or stuff you don't find necessary?

02/08/2015 19:29 **Damen Cody** we thought that the tenent registration was something that you might want to define more, did you want to give them a log in page so they can upload download blah blah, we thought of a notification system that would allow Mr David to tract lease end dates and renewals, so that he could plan ahead if he needed new tenents or to just provide the old with new contract

02/08/2015 19:30 **Damen Cody** Track* ummm we didnt really consider the tenets are vital player but were open to that idea

02/08/2015 19:31 **Danyon Lamb** Alright awesome that's too easy, I will pass this on to the rest of the team

02/08/2015 19:32 **Damen Cody** also we thought that maybe staff and Mr David would be Admin privileged (able to make changes to the each individual propertys details) and that the property owner if different would just have like a read only access and would have to send in doc(photo etc) for approval before changes to the site were made

02/08/2015 19:32 **Damen Cody** yeah cool we thought we might throw you a few ideas so that you could reject some for "reasons" but ill come talk to you a bit more on tuesday and get a better idea

02/08/2015 19:34 **Danyon Lamb** Yeah that sounds good bud

02/08/2015 19:34 **Damen Cody** alrite cheers man see ya later

10 August

10/08/2015 11:19 **Damen Cody** hey man so i supposed to be getting some user stories that have been fixed by you guys. Theres nothing in your Jira yet? have you guys had a second meeting yet?

10/08/2015 11:20 **Danyon Lamb** Ahh yeah sorry bud we have insurance people at our house at the moment, so I'm moving back in this afternoon, can I get it to you this afternoon?

10/08/2015 11:24 **Damen Cody** yeah mate no worries take a look at our jira if your not sure

10/08/2015 11:28 **Danyon Lamb** Yeah I will do

10/08/2015 13:12 **Danyon Lamb** That's the right doc I believe? **Userstories.docx** open · download

10/08/2015 13:16 **Damen Cody** Schweeet

16 August

16/08/2015 23:03 **Danyon Lamb** Hey mate, our work will be sent to you in the morning, just letting you know it's on it's way

16/08/2015 23:10 **Damen Cody** Cheers mate

17 August

17/08/2015 13:01 **Danyon Lamb** So that's just the updated backlog including our priority type and the task effort/time rating. **ProductBacklog-PropertyManagementSystemTeam7.docx** open · download

11 September

11/09/2015 11:11 **Damen Cody** Bro your team 7 right?

11/09/2015 11:12 **Danyon Lamb** We sure are How can I help?

11/09/2015 11:14 **Damen Cody** Nah all good some idiot from group 2 is asking me questions like we have a liaison

11/09/2015 11:15 **Danyon Lamb** ahah okayy fair

11 September

11/09/2015 20:35 **Damen Cody** Hey man you busy?

11/09/2015 20:37 **Danyon Lamb** Hey mate, not too busy but I'm not at a computer right now, how can I help?

11/09/2015 20:58 **Damen Cody** I'm writing the letter up from everyone's note and I need a 20min call to clarify a few things, I want to give a good review but the notes are a little meh

11/09/2015 22:19 **Danyon Lamb** Unfortunately I'm not at a computer can I give you the name of the other bloke for a call?

11/09/2015 23:28 **Damen Cody** Hey mate here is our letter if you would like me to email it send your address **Peer-Review-Letter-Team-8.docx** open · download

11/09/2015 23:47 **Damen Cody** Actually here's a better version with separate cover sheet, disregard first doc **Cover Sheet Peer Review.docx** open · download **Peer-Review-Letter-Team-8.docx** open · download

11/09/2015 23:50 **Damen Cody** If you would like to you could add your teams name and numbers to the cover sheet. Then send me that so we each have a copy of our client/dev team

12 September

12/09/2015 13:51 **Danyon Lamb** Hey mate, so sorry I legit just got home now, how did it all go?

12/09/2015 13:53 **Damen Cody** Mostly good, I went off my groups notes so there's a good mix of positive and negative for you guys to consider. I didn't have a copy of your teams name/numbers like the criteria asked but meh
